

## Ministry of Health Funding Criteria

Any applications for equipment funding will be based on the MoH funding criteria as outlined below.

Equipment will be considered where it has been identified as being essential for the person to do one of the following:

- Get around more safely in their home
- Remain in, or return to, their home
- Communicate effectively
- Study full-time or do vocational training
- Work full-time
- Work as a volunteer
- Be the main carer of a dependent person

## Mobility Solutions

Working in partnership with  
you to maximise your  
mobility and independence

## Who are we and who do we see?

- Mobility Solutions is a Wheelchair and Seating Assessment service based at Point Chevalier Clinical Centre, Auckland
- We are funded by the Ministry of Health (MoH) to provide a service to people of any age with complex wheelchair and/or seating needs.
- We cover the wider Auckland region (Waitemata, Auckland and Counties Manukau areas)
- We visit people in their own homes, schools and work places. Appointments can also occur on site at Rehab Plus

## Our Team

Our team is made up of:

- Service Lead
- Practice Supervisor
- Wheelchair and Seating Therapists (either Occupational Therapists or Physiotherapists)
- Therapy Assistant
- Wheelchair Technicians
- Administration Support

## Process

- Following your initial assessment we complete applications on your behalf to Accessable (who hold MoH funding). Your application is based around the MoH funding criteria
- We do not hold any equipment or budget for equipment and we do not work with ACC claimants
- We then coordinate trial or fabrication of the equipment we have recommended. Together we will work towards a solution that will best meet your wheelchair and seating needs

## Review Clinic

After completion of your wheelchair and seating solution, we offer regular reviews onsite at Rehab Plus.

We aim to review adults every two years and children every year. If you think that you should have been invited for a review but have not received an invitation letter or phone call from us, please contact us and we can check your details on our system

The purpose of this review is to make any necessary adjustments or alterations to your existing equipment, in order to meet your changing needs.

## Referral Information

We accept referrals from other services and health professionals. You can refer yourself or your family/whanau/support person can refer on your behalf. We will send you a referral form or can complete it with you over the phone or refer to our website (below)

## Updating Us

### Are your contact details up to date?

Please inform us of any changes to help us keep in contact with you for your regular reviews.

### Have your needs changed?

Please let us know if your needs have become more urgent while you are waiting for an assessment. We can then review your priority.

Please visit our website for more information about our service, referral forms, processes and team.
