

IMPORTANT MESSAGE to the people of Auckland about your blood tests

The public and the Auckland medical community have expressed concerns to the DHBs about the quality and safety of the community laboratory testing services in our region. We have taken immediate action to address these concerns and improve the service. The changes you see here will begin from Monday October 19th.

If you need to know more please ring 0800 557 572.

Here's where you get your blood tests from Monday October 19th.

If your **GP, Public Hospital Clinic or Midwife** sends you for blood tests please go to your usual Labtests collection centre.

If your **Private Specialist** sends you for a blood test please go to Diagnostic Medlab at one of these 12 centres:
