Mihi

E ngā mana, e ngā reo
Ko te reo e mihi atu nei
I roto I te Ariki,
Tātou te kanohi ora
Tēnā Koutou, Tēnā koutou
Tēnā koutou katoa

He tohu

Commissioned and created by local Artist Isaiah Matana, our tohu is made up of four components that reflect our unique characteristics that identify who we are.

The tail of the Pohokura (the guardian of the Mōkai Pātea Land), the four stylized designs that adorn Pohokura's tail have been taken from wharenuī of marae within the rohe. The third component is made up of the curvaceous stems that protrude from the tail of the Pohokura. These are a direct reference to flax strips that are used to weave, and a way of integrating the parts of the old four plait logo. Finally the last component is the coloured overlapping areas of the stylised weave which resembles the Patiki (the flounder that is the guardian of the Mōkai Pātea Waters).

Background
