## Who we are:

We are a team of specialty nurses who work with babies, children, young people and their families with special health needs. We visit you in your own home.

We work closely with the hospital, your family Doctor and anyone else helping you care for your baby, child or young person.

## Accessing our service:

Referrals are made to Kidz First Home Care Nurses by your child's Doctor or Nurse. This may be after a visit to hospital or one of the specialist children's or young person's clinics.

Before you are referred to the Kidz First Home Care Nurses you will be asked for your consent to have a nurse visit you at home.

## When do we visit:

We visit when asked by your referring Doctor or Nurse and depending on your baby's, child's or young person's needs. We visit you during the day.

**Our service is provided free of charge.**

**Don't hesitate to ask us any questions.**
