Previous travel experience
Medical conditions (You may want to ask the GP for a "meds for flight" letter.)
Do you have any of the following: (please circle.) Heart failure. Unstable angina. Previous blood clot. Recent heart attack. Unstable asthma. Severe COPD. Communicable disease. Recent stroke or ministroke/TIA. Undiagnosed neurological condition. Recent neurosurgery. Unstable mental illness. Pregnant, if so how many weeks during travel
Previous vaccines & approximate date
Bring your vaccination book or passport if you have one.
Have you ever had a bad reaction to a vaccine? (please circle.) YES NO

Please return this document to reception or email to reception@hauorahealth.nz

The nurse will assess your travel plans and determine what vaccinations you need. You will be called to advise when to book in, *please don't do this over the portal Health365*.

You will then have an appointment with the GP followed by vaccinations with the nurse. Sometimes, you may need a course of vaccinations which can take place over several weeks, so it is a good idea to give us as much time as possible before you leave NZ. We strongly recommend you have travel insurance.

Travel consultation costs	\$70 single traveler/simple destination + vaccines	
	\$120 family/complex destination + vaccines
